Budget: Less than $2000

Outreach: Go to Elementary schools…NASA likes lots of pictures. *Need to schedule soon* Home Newspapers, The Bison, Gedanken Newsletter, The Arkansas Democrat, …

Involves: must join national group. Cost $20-30, Build a level one rocket on your own (HNI Rocket) (Brings out Rocket)

Megan agrees to be certified

To be Certified:
Dr. Wilson
Dr. Mackey
Brett
Megan

J level requires Level two

Mark on your calendar October 14 to go to Memphis to launch rocket.

Fly Hybrid… NASA Competition

Stephen and Pablo need to talk to Dr. Murray. He will help you with his program.

Possibility: Aaron Howell

Web Site: Site will be on Dr. Mackey so that we don't have to go through the Harding Internet Nazi

1-publicity, community outreach (public relations, photographer, historian, scrapbooking)—Erin
1-Editor for design reports-- Brett
1-Web Design—To be recruited

1- Project Leader—Sarah (time line communication)
1- Faculty Head—Dr. Wilson "TEAM OFFICIAL"
1- Physical Construction—Megan
1- Model design (Rockism) (Airframe Design, Motor Selection)—Brett, Pablo
1- Payload design -- Stephen
1- Safety and Regulations (certification)—Brett "Safety Officer", Megan, Dr. Wilson, Dr. Mackey
1- Purchasing and Acquisitions (Budget Plan)—Megan and Erin
1-AUTOCAD-- Casey and Sarah
1- recovery/ tracking—Stephen, Pablo
1- Ground Support (Telemetry)—Stephen, Pablo
1- Teleconferencing-- Dr. Mackey

Sarah needs to go ahead and start filling in things.

Brett needs to meet with Pablo to find out what kind of rocket is needed to fly on a level i motor.

Every person make a rough draft and then turn into Brett to edit and draft.

Meetings: Every Saturday @ 10

Next Meeting:

1. Everyone needs to start looking at the proposal and looking at our jobs and making decisions to discuss.

2. Have resumes ready and the recruits resume—Send to Sarah via email ASAP

3. Stephen- will find web design people and others in computer science field

4. Dress a little nicer at next meeting for publicity photo

5. Erin- Write an article about how we need support… talk it up, contact information, and make it universal.
