PURPOSE

Growing up, the teachers that had the biggest influence on me were almost all art teachers. This experience influenced me to want to have a positive effect in the same way.

I want to be an art teacher because I want to help the students that I teach. I believe that the best way to do that is through art. I will be able to equip them with soft skills such as creativity that are in high demand in every field as well as establish a space where students feel cared for and safe

EDUCATION

Harding University

August 2015 – December 2019

BA in art with licensure

BA in French with licensure

Summa cum laude (3.95 GPA)

WORK EXPERIENCE

Center for Student Success, Harding University | Tutor

August 2017– May 2019

I gave private lessons in French for English speaking students and English for a French-speaking student to supplement their classes

Harding University | Resident Assistant

August 2017–December 2018

I helped keep the residence hall moving smoothly and was a person that residents could go to if they needed help or advice

Camp Hunt | Counselor
