

HIST 111 Map List

Below are the map identifications for each exam. There are blank maps on the course web-site for your use. All map identifications can be found in either your atlas or on the maps provided in Canvas (the on-line course software). The map list on the exam will be from the web-site, as listed below. There will be a word bank provided on the test, and there will be markers placed on the map.

General Identifications – Students are responsible for the following items on every exam.

- | | | | | |
|------------------|----------------------|---------------------|---------------|-------------------|
